- V94-D warmer HB for bridge - near PAF output
- 1CTA equal coil / unequal response / high clarity
- 1D-01 deep & bright HB for bridge

Older Strat* size single coils

- 3XQ - N or S very clear, smooth, near Vintage tone single coil
- 3X - N or S clear, smooth, full range single coil
- 3XR - N or S deeper tone, high power, bridge pos. single coil
- 3D-01 N or S bright & deep single coil of 1D-01

Jazz Guitar (Johnny Smith type)

- 5J smooth, clear dual coil - end of fingerboard bracket
- 5JNB smooth, clear dual coil without mounting bracket

Large Humbuckers for 7 string guitar

- 492C/B 7 string version of V92C/B
- 4CTA 7 string version of 1C-TA
- 4D-01 7 string version of 1D-01

Older Soapbar (P90) shape

- SB-92C/B Soapbar shape version of V92C/B
- SB-D01 Soapbar shape version of 1D-01

Active Strat Systems (prewired)

- System 111 equal stacked coils / vint. tone / high output + boost
- System 111B unequal stack coils / vint. tone / high output + boost
- System 112 SSH / coil cut // vint. tone / high output + boost

Acoustic Guitar (soundhole mounting)

- 3A soundhole mount single coil for steel string guitar
- 3AV soundhole mount stacked coil for steel string guitar

PBF Series

- PBF-49 Vintage neck humbucker
- PBF-51 Vintage bridge humbucker
- PBF-55 Special Jazz Guitar neck humbucker
- PBF-57 Special Jazz bridge humbucker
- PBF-77D High Output Distortion humbucker

Creamy, smooth treble

Excellent mids

Crisply defined bass response

from bright Vintage neck PAF tone (PBF-49)

to the creamiest Jazz bridge humbucker tone (PBF-57)

to the raunchiest (but smooth) distortion

of an outstanding rock 'n' roll bridge pickup (PBF-77D)

Available in Gold, Nickel and Chrome stamped metal shells
and also in Black or White ABS shells.

They were developed over the last several years in collaboration
with Ed Reynolds from Austin, Texas.

Recommended combinations:

The Vintage Pair - PBF-49 (neck) and PBF-51 (bridge)

The Jazz Pair - PBF-55 (neck) and PBF-57 (bridge)

The Rock 'n' Roll pair - PBF-51 (neck) and PBF-77D (bridge)

7 string humbucker shape

mini-humbucker shape

Classic Bass Series

Bold, up-front clarity that adds a new dimension to your tonal palette. Compared to our Original Series, the Classic Bass series pickups have enhanced treble response and narrower apertures for a more incisive attack and focused sound without harshness. This added dimension of treble definition vastly increases the tonal range available in active or passive instruments. Their output levels are slightly higher than similar models in the Original Series

For Jazz Basses

9CBJS - 4 string single coil

9SU - 4 string single coil

9CBJD - 4 string dual in-line coils

9J - 4 string split coil deeper tone

MM4CBC - 4 string dual coil

MMC - 4 string dual coil - deep tone

MMK - 4 string dual coil - bright tone

MM42CBJD - 4 string quad coil switchable

MM52CBJD - 5 string quad coil switchable
also available with
similar coil arrangement for 5 strings

For Music Man Basses

72MM5C - 5 string dual coil - deep tone

72MM5K - 5 string dual coil - bright tone

MM5CBC - 5 string dual coil

Classic Bass - CB - model listings are shown in bold type.

The apertures and coil layouts of the CB series pickups are shown for most models in this catalog.

Dual in-line coil options are noise cancelling like the 9J, 59J, etc. in the Original Series

59CBJS - 5 string single coil

59CBJD - 5 string dual in-line coils

59J - 5 string split coil - deeper tone

xx58S - 5 string deep tone

xx58SU - 5 string brighter

58CBP - 5 string Vintage tone

8S - 4 string deep tone

8SU - 4 string brighter

8CBP - 4 string Vintage tone

For Precision Basses

57CBJS - 5 string single coil

57CBJD - 5 string dual in-line coils

57J - 5 string split coil - deeper tone

For American Standard Jazz Basses

For 5 String Music Man Basses

MV shape CB series pickups will work well with 66 to 72mm and 12-14 inch radius f.b.

MV5CBC - 5 string dual coil - CB series

MV52CBJD - 5 string quad coil switchable

72MV5C - 72mm 5 string dual coil - deep tone

72MV5K - 72mm 5 string dual coil - bright tone

For Rickenbacker 4001 Basses

SOAPBARS

BD5CBC - 5 st. dual coil - CB series

xxBD5C - 5 st. quad coil splittable - deeper
xxBD5CX - 5 st. quad coil splittable - brighter

xxM45M - 5 st. split coil - deep tone

72M45C - 72mm 5 st. dual coil - deeper
72M45CX - 72mm 5 st. dual coil - brighter
M45CBC - 5 st. dual coil - CB series

M4

same shape
as EMG40

xxM4 pickups will work with string widths
from 64mm to 80mm if the fingerboard
radius is greater than 14 inches (360mm)

**M4 shape CB series pickups will work well
with 66 to 72mm and 12-14 inch radius f.b.**

xxM45C - 5 st. quad coil splittable - deeper
xxM45CX - 5 st. quad coil splittable - brighter

xxM55M - 5 st. split coil - deep tone

M5

same shape
as EMG45

xxM5 pickups will work with string
widths from 64mm to 80mm if the
fingerboard radius is greater than
14 inches (360mm)

xxM55C - 5 st. quad coil splittable - deep tone

72M55C - 72mm 5 st. dual coil - deeper
72M55CX - 72mm 5 st. dual coil - brighter
M55CBC - 5 st. dual coil - CB series

bartolini

X4

X45J - split coil - deeper tone
64mm to 75mm string width

X45CBJS - single coil CB - 64-72mm
X45CBJD - dual coil CB - 64-72mm

bartolini

xxP25M - 5 st. split coil - deep tone

72P25C - 72mm 5 st. dual coil - deeper
72P25CX - 72mm 5 st. dual coil - brighter
P25CBC - 5 st. dual coil CB - 68-74mm

P2

xxP2 pickups will work with string widths from 68mm to 80mm if the fingerboard radius is greater than 14 inches (360mm)

P2 shape CB series pickups will work well with 68 to 74mm and 12-14 inch radius f.b.

xxP45M - 5 st. split coil - deep tone

xxP4 pickups will work with string widths from 68mm to 80mm if the fingerboard radius is greater than 14 inches (360mm)

xxP45C - 5 st. quad coil splittable - deeper
xxP45CX - 5 st. quad coil splittable - brighter

P4

bartolini

72P45C - 72mm 5 st. dual coil - deeper
72P45CX - 72mm 5 st. dual coil - brighter
P45CBC - 5 st. dual coil CB - 68-78mm

xxP25C - 5 st. quad coil splittable - deeper
xxP25CX - 5 st. quad coil splittable - brighter

6 string soapbars

xxM46 and M46CBC pickups will work with string widths from 72mm

xxM46M - 6 st. split coil - deep tone
 xxM46CX - 6 st. quad coil splittable - deeper
M46CBC - 6 st. Dual coil CB - bright and deep
 to 88mm if the fingerboard radius is greater than 14 inches (360 mm)
 same shape as EMG40

M4

M5

same shape as EMG45

xxM5 6 string pickups will work with string widths from 72mm to 95mm if the fingerboard radius is greater than 14 inches (360mm)

xxM56M - 6 st. split coil - deeper

P2

P26CBC and xxP26 pickups will work with string widths from 74mm to 90mm if the fingerboard radius is greater than 14 inches (360 mm)

xxP26M - 6 st. split coil - deep tone

xxM56C - 6 st. quad coil splittable - deeper
 xxM56CX - 6 st. quad coil splittable - brighter
M56CBC - 6 st. Dual coil CB - bright and deep

xxP26C - 6 st. quad coil splittable - deeper
 xxP26CX - 6 st. quad coil splittable - brighter
P26CBC - 6 st. Dual coil CB - bright and deep

P4

xxP46M - 6 st. split coil - deep tone

xxP4 6 string pickups will work with string widths from 74mm to 95mm if the fingerboard radius is greater than 14 inches (360mm)
P46CBC pickups will work with string widths from 74mm to 90mm for similar fingerboard radius

xxP46C - 6 st. quad coil splittable - deeper
xxP46CX - 6 st. quad coil splittable - brighter
90P46CBC - 6 st. Dual coil - bright and deep

G6

G6 shape pickups are available for string widths from 96mm to 102mm

G66CBJD - 6 st. dual in-line coil CB - deep and bright (96 - 102 mm)
100G66J1 - 6 st. split coil Original Series - deep tone (96 - 100 mm)

Soapbar Shapes not listed in Previous Pages

X5 size: 21mm x 119mm - 13/16" x 4-11/16" - 0.84 x 4.69 inches

Passive pickups for 5 string basses with string widths from 68 to 76 mm

Classic Bass Series

available in Neck (B) and bridge (T) pairs

X55CBJS - single coils

X55CBJD - in-line hum cancelling dual coils

Original Series

X55J - staggered hum cancelling dual coils

CF size: 40mm x 105mm - 1-9/16" x 4-1/8" - 1.56 x 4.13 inches

same shape as the Mighty Mite large bass soapbar in some Cort and Curbow Cort basses

Passive pickups for 5 string basses with string widths from 68 to 76 mm

Classic Bass Series

available in Neck (B) and bridge (T) pairs

CF5CBC - dual coils

Original Series

CF5C - dual coils
